

Bottles

glass wide mouth packers

Bottles, soda glass, straight sided, Fisherbrand®

Fisherbrand®

Ideal for soil sampling and environmental applications.

- Straight sided walls allow for the complete removal of contents
- Not autoclavable
- Bottles are packed with caps attached

Available certified cleaned per EPA guidelines for semi-volatiles, pesticides, PBCs and metals. A certificate of analysis is attached to each lot.

Safety coated bottles are ideal for field sampling applications. The shatter resistant coating reduces the chance of breakage in the event the container is dropped. If the bottle does break, the coating will safely contain the contents long enough for disposal. The non-slip coating also allows greater ease of stability in handling containers, whether wet or dry.

General, with polyvinyl lined cap, clear
