

Label printer, handheld, BMP21

Create clear, legible labels for use in harsh environments including freezer environments, autoclaves, liquid nitrogen and heated water baths.

- Robust handheld printer with ABC keyboard
- Large LCD display (3 lines of text, 1 line of icons)
- 203dpi thermal transfer print
- Range of durable label materials specifically designed for laboratory usage
- Continuous labels in label cartridge make it easy to load and use
- Easy to load cartridges for instant printing

The Brady BMP21 label printer is an entry level printer with high end labelling materials, running on AA batteries or via the optional AC adapter.
